The all new steering wheel from the SpeedForce line, the SpeedForce Premium benefits from the latest steering wheel technologies offering true to life steering sensations.
Personalize your steering wheel to your way of driving and take advantage of its advanced features: sensitivity adjustment, touch parameters for acceleration and braking, etc.!

2 gaming modes:
Digital Mode: For all PlayStation® games.
Analog Mode: For all recent games using DualShock® 2 technology.
The size and inclination of the steering wheel were specifically studied in order to give the user the greatest comfort. In order to increase the user's comfort, the steering wheel is covered with a grip to ensure a perfect grasp.
- Diameter of the steering wheel: 9.45 in
- Rotation of the steering wheel up to 220°.

2 Driving positions:
- Driving on a table: Quickly and easily attach using the clamp under the steering wheel to ensure the best possible stability.
- Driving on your lap: By removing the clamp, you switch to lap mode. Attach the two flaps to your steering wheel and it can be used in many different ways.

Foot controls:
- Foot controls include four circular grips to ensure its stability and adherence to the floor.
- 2 pedals: accelerator and brake.
- Incremental resistance on the brake pedal to make it more realistic.

Advanced functions:
- six levels of directional sensitivity adjustments: Adapt the sensitivity of your steering wheel to your way of driving.
- User-defined acceleration and braking adjustments.
- Choice of vibration modes during games: with or without.
